

BRIEF SUMMARY

As an aspiring software engineer, I am excited about the opportunity to join a dynamic technology firm and make an impact through my skills and experience. With a solid foundation in Java, I completed internships focused on web development and gained hands-on experience in designing and implementing software solutions using web technologies such as HTML, CSS, JavaScript, and relevant frameworks like Laravel, Spring, PHP. I am eager to further develop my skills in next-generation technologies such as big data, cybersecurity, DevOps, and cloud, and to work on technology platforms that serve a wide range of clients.
